NUANCE

To make your job easier, we work harder on partnerships

Creating value for healthcare organizations through AI-powered solutions optimized for MEDITECH.

Given all the platforms, devices, and unique demands of the people who use them, creating a seamless experience isn't easy. That's why we partner with MEDITECH to make it easier for clinicians to document everything without ever taking their focus off what matters most—caring for their patients.

Deeply embedded across the continuum of care

Deep integrations between Nuance healthcare solutions and MEDITECH solutions allow physicians to use conversational user interfaces to practice medicine and create effective clinical documentation—while maximizing the value healthcare organizations receive from their EHR.

— Full support for Dragon Medical One and PowerMic Mobile

— Dragon Medical embedded in MEDITECH Expanse is accessible through any browser with no additional software to install or usernames or passwords to remember

— In-workflow physician documentation guidance through Dragon Medical Advisor

Joint innovation and strategic development

Technical strategy is the backbone of our partnerships. That's why we engage in joint development and innovation projects—and here are just a few of the areas where we work alongside MEDITECH so that we can deliver a seamless user experience:

— Nearly 20 years of collaboration to deliver a full complement of solutions focused on enhancing how physicians capture high-quality documentation in MEDITECH

— Speech recognition, NLP/NLU, and voice-enabling MEDITECH

— Virtual assistants and ambient clinical intelligence

"We expect major system transitions to be cumbersome and complicated. Including Dragon Medical shifted the equation and allowed us to realize immediate gains, while setting us up for further enhancements. It was the highlight of the MEDITECH EHR adoption project—a win for both the organization and our physicians."
